

Graph each Linear Inequality.

1) $-11y + 11x > -66$

2) $2y - 3x \geq 4$

3) $2x - y > 5$

4) $12y + 10x < 0$

Graph each Inequality System.

1) $x \geq -2$

$$y < -4$$

2) $y < 3x - 2$

$$y < -2x + 5$$

3) $3x + 2y \geq 6$

$$2x - 5y \leq 10$$

4) $x - y \leq 5$

$$2x + y < 2$$
